- Ensure compliance with UL regulations related to the quality of product and to the proper performance of day-to-day activities.
- Have a good understand of Nora products and technical requirements. Including an understanding of lumen output, color temperature, voltage, wiring, and other lighting concepts
- Oversee detailed inspections of components and completed assemblies.
- Perform quality testing.
- Prepares and maintain Quality records for review of completeness and accuracy to meet both internal and external expectations.
- Document nonconforming material clearly and accurately.
- Communicate to all individuals effectively.
- Participate in team meetings as required (safety, problem solving, etc.).
- Participate in process improvement teams and/or completes relative documentation when required.
- Assist in the continuous growth of the Quality Department.
- Performs other miscellaneous task & duties as directed by supervisors

Required Qualifications:

- Must have ability to work in a fast-paced environment.
- Must be dependable with a strong work ethic.
- Ability to handle difficult situations, work well under pressure and react quickly to unknown and changing circumstances.
- Ability to prioritize multiple workloads and ensure each is completed on time
- Ability to work independently and as a team.
- Basic computer skills, including but not limited to Microsoft office and Outlook experience.
- Willingness to adapt to the changing environment of swiftly growing and evolving company.
- Able to lift a minimum of 75 pounds.
- Able to perform job standing, walking for at least 85% of the day.

Compensation:

Nora Lighting offers competitive pay and full benefits package that includes medical, dental, Vision insurance, Voluntary Life/AD&D and a 401(k) plan.

Nora Lighting is an equal opportunity employer.
