Mia Die-Cast Mini LED Step Light (Non-Dimmable)

Source: 1.5W LED

9lm

Type _____

Project _____

Catalog No. _____

Notes _____

PRODUCT DESCRIPTION

Long lasting, energy efficient LED step lights provide illumination for safety around steps, balcony areas, or walkways. Warm white 3000K LED light mimics incandescent sources, but does not build up heat while casting a warm and welcoming glow. Durable cast zinc-magnesium face plates available in white finish. Efficient LED light sources are low maintenance, offer 50,000 hour lamp life, and savings over 80% in running costs when compared to 10W incandescent step lights.

FEATURES

- 120-277V Non-Dimmable
- cULus listed for Wet Location
- Heavy duty plastic housing
- Twelve LEDs offer a total load of only 1.5W
- Save over 80% when compared to 10W incandescent step lights
- Integrated, embedded driver
- 50,000 hours at 70% lumen maintenance rated life
- No harmful ultra violet light, infrared wavelengths, or light leak

CONSTRUCTION

Housing: Die-cast aluminum

Mounting: Easily installs in a standard single gang junction box.

Note: IP65 rating for outdoor applications require watertight junction box and gasket (sold separately)

ELECTRICAL

Input Voltage: 120-277V

Lumens / Wattage: 9lm / 1.5W

Color Temperature: 3000K

Color Rendering Index: 80+ CRI

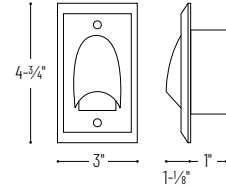

Dimming: Non-Dimmable

LABELS AND LISTINGS

- cULus Listed for Wet Location
- 5-Year Limited Warranty
