

Installation Instructions

NLOPAC-RT24 Series

4" Surface Mount AC Opal T24

READ PRIOR TO ATTEMPTING INSTALLATION
ALWAYS TURN OFF MAIN POWER BEFORE INSTALLATION
INSTALLATION SHOULD BE CARRIED OUT BY YOUR LOCAL ELECTRICIAN

⚠ WARNING - This equipment is intended to be installed only by qualified personnel. The installation must be made in accordance with the current edition to the National Electric Code and all applicable state and local building codes. The final installation must be approved by the appropriate qualified electrical/building inspector(s). Improper installation may result in a fire or electrical hazard. Be sure the electrical power to the circuit has been disconnected before installing this electrical system.

⚠ AVERTISSEMENT - Cet équipement est destiné à être installé uniquement par du personnel qualifié. L'installation doit être faite en conformité avec l'édition actuelle du Code national de l'électricité et toutes étatiques et locales codes du bâtiment applicables. L'installation finale doit être approuvée par l'inspecteur en électricité / bâtiment qualifié approprié(s). Une mauvaise installation peut entraîner un incendie ou un risque électrique. Soyez sûr de la puissance électrique vers le circuit a été coupée avant l'installation de ce système électrique.

JUNCTION BOX INSTALLATION INSTRUCTIONS:

1. Tear off the label.
2. Rotate the lens to the left to remove it. Set lens aside.
3. Connect wires from junction box to wires from Nora AC Opal according to local and national electrical codes.
4. Attach fixture to the junction box using key-hole slots with the screws provided.
5. Re-attach the lens by rotating it to the right.

NOTE: When installing the lens line up clips on lens away from clips in pan then twist.

⚠ IMPORTANT: Should mounting holes not line up with hole(s) in junction box, secure the Opal to the ceiling material using compatible screws making sure to completely cover junction box.
