Sapphire II Adjustable Reflectors

⚠️ WARNING: Risk of fire or electric shock. Installation of this luminaire assembly requires a person familiar with the construction and operation of the luminaire's electrical system and the hazard involved. If not qualified, do not attempt installation. Contact qualified electrician.

⚠️ AVERTISSEMENT: Risque d'incendie ou d'électrocution. Ne modifiez pas, ne déplacez pas et n'ôtez pas le câblage, les porte-lampe, le bloc d'alimentation ou tout autre composant électrique.

⚠️ WARNING: To prevent wiring damage or abrasion, do not expose wiring to edges of sheet metal or other sharp objects.

⚠️ AVERTISSEMENT: Afin d'éviter tout endommagement ou abrasion du câblage, ne mettez pas en contact le câblage avec les arêtes de la tôle ou d'autres objets tranchants.

⚠️ WARNING: Risk of fire or electric shock. Do not alter, relocate, or remove wiring, lampholders, power supply, or any other electrical component.

⚠️ AVERTISSEMENT: Risque d'incendie ou de choc électrique. Ne modifiez pas, ne déplacez pas ou n'enlevez pas le câblage, les douilles de lampe, l'alimentation électrique ou tout autre composant électrique.

PACKAGING CONTENTS
- Quick Connect
- LED module/heat sink assembly
- Vertical adjustment mechanism
- Inner reflector (horizontal adjustment)
- Tension steel spring clips

VERTICAL ADJUSTMENT
1. Loosen vertical locking set screw to allow fixture to adjust vertically.
2. Adjust LED module/heat sink assembly to desired angle.
3. Tighten vertical locking set screw to lock position.

HORIZONTAL ADJUSTMENT
1. Inner reflector can be rotated up to 359° horizontally.
2. Turn LED module/heat sink assembly to desired orientation.

NOTE: LED module/heat sink adjust along axis of slot aperture of reflector

REFLECTOR INSTALLATION
1. Connect quick connect on reflector to quick connect inside the housing.
2. Push both tension steel spring clips up to insert into housing opening.

NOTE: Tension steel spring clips must be perpendicular to junction box to align correctly
3. Insert reflector into housing. Ensure the spring clips are holding the reflector securely.
