

24V RGBW COB TAPE

Color Changing • 300 lumens per foot

COB LED Tape light creates an uniform seamless line of light, without the need for additional diffused covers or accessories. Producing up to 300 lumens per foot with RGB color changing LED diodes and dedicated 3000K. Users can create any color in the rainbow using a compatible controller or DMX decoder. Tape light is a perfect solution for low clearance or reflective surfaces to eliminate all glare or dotting.

FEATURES

- 24V system - requires class 2 LED driver
- Seamless COB eliminates LED dotting
- Delivering 300 lumens at 5.5W per foot
- Primary Colors: Red, Green, Blue and White (3000K)
- Cuttable every 1.31" and connectable with accessories
- Easy installation with 3M™ adhesive pre-installed
- cULus listed for indoor dry location (IP20 rated)
- Each roll includes a 12" power cord and mounting clips
- 16.4' Maximum run length
- Range of mounting accessories, drivers and connectors
- 5-year limited warranty

24V RGBW COB LED TAPE LIGHT ROLL

DESCRIPTION

NUTPCOB-RGBW24CV16	16.4' Roll / RGBW (includes one power cord)
NARGBW-975	RGBW RF Controller
NARGBW-977	RGBW Hand Held Remote for NARGBW-975
NATL-DMX-4C/RGBW	DMX Decoder
NATLCB-508	12" Hardwire Power Cord
NATL-C23A	4' Shallow Channel w/ Wings, Aluminum finish
NATL-C24A	4' Shallow Channel, Aluminum finish
NATL-C24B	4' Shallow Channel, Black finish
NATL-C24W	4' Shallow Channel, White finish
NATL-C25A	4' Deep Channel w/ Wings, Aluminum finish
NATL-C26A	4' Deep Channel, Aluminum finish
NATL-C26W	4' Deep Channel, White finish
NATL-C27A	4' J-Style Channel, Aluminum finish
NATLCB-509	Clear Mounting Clips (pack of 15)
NATLCB-507	End to End Connector
NATLCB-503	3" Linking Cable
NATLCB-506	6" Linking Cable
NATLCB-518	18" Linking Cable
NATLCB-536	36" Linking Cable
NATLCB-572	72" Linking Cable
